

Whole Muscle Products (8 lb bags)

Optional Heating Instructions - Remove Product from Bag

Conventional Oven

TOTAL HEATING TIME:

1 hour and 55 minutes (time may vary due to equipment variations).

TEMPER PRODUCT:

Before heating product temper under refrigeration to an internal temperature of 38 – 42°F (approx. 24 - 72 hours).

HEAT PRODUCT:

Preheat oven to 350°F.

Empty contents of 2 bags into full-size steam table pan. Mix thoroughly while gently separating meat into small chunks. Seal pan tightly with heavy-duty aluminum foil. Place covered steam table pan in oven.

Heat for 1 hour.

Remove pan from oven. Uncover and stir gently, separating meat pieces and mixing with natural juices. Reseal with aluminum foil and return to oven.

Heat for an additional 40 - 55 minutes.

Remove pan from oven, uncover a corner and check temperature.

Internal temperature must be at least 160°F.

Stir gently to mix in natural juices, place on steam table and serve.

Convection Oven

Follow basic instructions for Conventional Oven, adjust as shown below –

Preheat oven 300°F.

Adjust heating time total 50 – 60 minutes.

Heat to an internal temperature of at least 160°F.
