

## *Rice Products (5 lb bags)*

---

### Optional Heating Instructions - Remove Product from Bag

#### **Conventional Oven**

**TOTAL HEATING TIME:**

1 hour (time may vary due to equipment variations).

**TEMPER PRODUCT:**

Before heating product temper under refrigeration to an internal temperature of 38 – 42°F (approx. 24 - 72 hours).

**HEAT PRODUCT:**

Preheat oven to 325°F.

Empty contents of 2 bags into full-size steam table pan and gently spread in pan. Seal pan tightly with heavy-duty aluminum foil. Place covered steam table pan in oven.

Heat for 35 minutes.

Remove pan from oven. Uncover, stir gently, reseal with aluminum foil and return to oven.

Heat for an additional 25 minutes.

Remove pan from oven, uncover a corner and check temperature.

Internal temperature must be at least 160°F.

Stir gently, place on steam table and serve.

#### **Convection Oven**

Follow basic instructions for Conventional Oven, adjust as shown below –

Preheat oven                      300°F.

Adjust heating time total      40 – 50 minutes.

Heat to an internal temperature of at least 160°F.
